Dear Dr. Tanabe,

During its recent meeting held in July, the panel of experts of the ICAR DNA Working Group evaluated your application which had been reviewed and presented by the members of the DNA Working Group.

Following such meeting and the decision taken, the ICAR Secretariat is pleased to advise about the positive result of your application. The ICAR accreditation to your laboratory in cattle has been consequently granted for Microsatellite and SNP.

This information and the name of your laboratory will be soon published in the ICAR web site at:
<http://www.icar.org/index.php/certifications/certification-and-accreditation-of-dna-genetic-laboratories/accredited-laboratories-for-parentage-testing-in-cattle/> .

With best regards.
